Distinctiveness of Dinabandhu Andrews College

Opening of the Morning Shift of the college

The college began to run a morning unit from 1986 with a view to providing the opportunity of higher education particularly to those children belonging to underprivileged sections of society who are eager to pursue higher studies but who are engaged in some form of work or otherwise in the daytime to earn their living and, as such, who cannot pursue higher studies even if they so wish.

GOVERNMENT OF WEST BENGAL
Education Department
C. S. Branch.

Dated Calcutta, the 28th October, 1983.

From : Shri S. Ghosh,
Deputy Secretary to the Govt. of West Bengal.

To : The Director of Public Instruction, West Bengal.

Sub : Opening of additional shift in Non-Govt. Degree Colleges.
.....

The undersigned is directed to say that Government have received proposals from some Non-Govt. Degree Colleges (Sponsored and Non-Sponsored) for opening additional shift (Morning/Evening) in the college to cope with acute admission problem.

After careful consideration it has been decided by Government that a Non-Govt. College may be permitted to open an additional shift either in the morning or in the evening in the college subject to the following conditions :-

- i) there is a demand for admission of a sizeable number of students after utilisation of the full intake capacity of the main day shift and at least there shall be bonafide admission of 50 students in the shift;
- ii) subjects which are not taught in the main day shift should not be taught in the additional shift;
- iii) only pass subjects should be taught in the additional shift;
- iv) part-time allowance for teachers of the college for teaching the students of the additional shift should be allowed if the teacher concerned is entitled to the said allowance after taking his normal work-load of 24 periods per week as a whole-time teacher; and
- v) the additional expenditure, if any, for payment of part-time allowance to staff of the college and for meeting contingent expenditure on this account is met out of the additional fee income of the college and no extra financial liability is devolved upon Government.
- vi) No whole-time post exclusively for this purpose will be admissible.

Sd/- S. Ghosh
Deputy Secretary.

No. 1575(255)-C

Calcutta, the 31st October, 1983.

Copy forwarded to the Principal/Teacher-in-Charge,

Ty/14 *Biswabandhu*
Andrews College, P.O - Garia
Dist - 24 Parganas for information and necessary action.

R. Chaudhuri
for Director of Public Instruction,
West Bengal.

Opening of the Morning Shift of the college was a revolutionary resolution of the then college authority.

The Morning Shift opened up the scope of higher education to the oppressed section of the society who were unable to study in the colleges those run during the day time due to their pre-occupation in money earning activities for feeding the hungry mouths of their family.

Gender Equality and Zero discrimination in Admission/Appointment

At Dinabandhu Andrews College, we have adopted the following principles for preventing Gender inequality

- Ensuring indiscriminate admission as per merit and reservation rules with no gender-bias**
- Ensuring appointment of teachers as per merit and reservation rules with no gender-bias**
- Organizing the Gender Sensitizing programmes, Gender Audit**
- Existence of a Social Equity Cell, etc.**

Financial Transparency

Execution of the AUDIT of the college accounts is indicative parameters of the financial discipline and Financial Transparency of any institution. The State Government appoints auditors for auditing of accounts of the college as per GO No. 364-Edn(CS), dated 02.03.1973. The audit report prepared by such auditor is sent to the Director of Public Instruction. Till date, the college has caused to audit its accounts up to the financial year 2022-23.

Recognition of the college to have been selected as a ‘Pilot Project’ under ‘Performance Audit for 2017-2022’ undertaken by CAG is an example of the Financial Transparency of the institution.

E-Administration

E-Administration is an ICT tool aimed at improving performance and productivity at the workplace through the conversion of the traditional office, paper-based processes into electronic processes, to establish a paperless one. Dinabandhu Andrews College adopted the E-administrative procedures in every sphere of its administrative procedure minimizing use of papers as much as possible on one hand and transforming cash-based financial transactions into cashless one in the following ways:

Use of HRMS Module as a part of E-Administration

The collage illustrates the integration of the HRMS module with various administrative functions:

- Top Left:** A screenshot of the HRMS interface showing 'Employee Details'. It lists employees with their names, designations, and birth dates. The sidebar includes links for Masters, Transfer, Reports, Loss of Pay Calculation, and Admin Task.
- Top Right:** A screenshot of the HRMS interface showing 'Pay Bill Details'. It displays a list of bills for the salary year/month of 2024-08, with entries for PAYBILL 1, 2, and 3.
- Middle Left:** A screenshot of a PDF document titled 'STATEMENT OF QUARTERLY INCOME TAX DEDUCTION OF THE EMPLOYEES'. It shows a table of tax deduction details for employees like TAPAN BISWAS, SUBHABRATA DATTA, etc., across April, May, June, and Total columns.
- Middle Right:** A screenshot of the HRMS interface showing 'Arrear/Supplementary Bill Generation'. It allows users to generate bills for specific salary heads and financial years.
- Bottom Left:** A screenshot of a browser displaying the URL <https://www.wbifms.gov.in/hrms/arrear/arrearbillgeneration.html?activity=0&sessionDetails=ls1faN5%2Bc%2BretTGzYChD%2BvM7xbWQwxaqV9TAoWBW5kTdwndk8PMaUZ4mLihd8nGy62z2kq6vrGodQ%3D%3D&activityS...>.

Use of HRMS Module as a part of E-Administration

The image displays a Windows desktop environment with several browser windows open, illustrating the integration of various administrative modules:

- Top Left Window (HRMS):** Shows the "Arrear/Supplementary Bill Generation" screen. It includes a sidebar with navigation links like "Bill Generation", "Bill Summary", "Arrear/Sup Bill Generation", etc. The main form shows "Bill Type: Arrear Bill" and search parameters for "Salary Head", "Section", "Financial Year", and a "Search" button.
- Top Middle Window (E-PRADAN):** Shows the "Master.html" page under the "E-PRADAN" logo. It lists "Beneficiary Master" entries with columns for ID, Name, IFSC Code, MICR No., Account Type, Beneficiary Address, Beneficiary Email ID, Beneficiary Mobile No., Employee Grade, GPF No., PAN No., and Adhar No. A table below shows detailed beneficiary information for entries 1 through 21.
- Top Right Window (e-Billing):** Shows the "Master.html" page for the "e-Billing" module. It lists "Beneficiary Master" entries with similar columns. A table below shows detailed beneficiary information for entries 1 through 21.
- Bottom Left Window (e-Billing Report Downloader):** Shows the "EBillingReportDownloaderServlet" page. It displays a table of transaction details for four entries, each with columns for Transaction Id, Memo Number, Memo Date, and Go. Buttons for "Select" and "Close" are present.
- Bottom Right Window (e-Billing Approver):** Shows the "eBilling Approver" interface. It includes sections for "Allotment", "Projectwise Allotment Re", "Pension Details", "TR42 Bulk Challan Search", "Works & Forest Related", "Service Providers Related", "TDS on GST Deduction", and "Approved IESC Report". A "Generate Report" button is visible.

The taskbar at the bottom shows various pinned icons and the system clock indicating different times across the different windows (e.g., 09:25 AM, 09:30 AM, 09:30 AM).

E-Administration

- Implementing online information delivery system through the development of and informative and vibrant website
- Implementing online Admission to UG and PG courses
- Implementing online Fees Payment by the students through ERP mediated third-party based settlements
- Implementing online financial transactions (use of systems like NEFT, RTGS, Net Banking etc.)

Mission Oxygen

WHAT IS OUR MISSION?

The COVID situation is getting worse every day in Kolkata. In the present scenario the Microbiologists Society India, West Bengal (MSI-WB) has taken an initiative to open a **Three-Bed Oxygen Parlor in South Kolkata**. The unit will be run by MSI-WB (providing oxygen) with the help of Garia's 'Amra Kajan' group (providing space and infrastructure). There will be an arrangement of doctors and nurses sharing the shifts.

WHO ARE THE BENEFICIARIES?

A COVID positive patient whose oxygen saturation has suddenly decreased (SpO_2 90-94) from normal, can come to the parlor for oxygen.

HOW TO AVAIL THIS SERVICE ?

Before admitting the patient, one should call the helpline numbers (given below) to find out if the bed is vacant or not.
Soumya Sarathi Ganguly -9163253658 Sayan Roy -8981794652

NOTE: If the patient needs to be transferred to the hospital during his/her stay in the parlor, the arrangements should be made by the patient's family.

Topic	Agricultural awareness camp
Event category	Environmental awareness
Level	Out Side the College Campus
Resource Person/ Organization	Dr. Tanmay Ghosh

Programme details: On behalf of Dinabandhu Andrews College, we went to the farming land and participated in an outreach programme with the farmers and students. There we gave various useful advice to the farmers regarding Agricultural farming. Also, we informed the farmers about various modern farming methods, Use of Organic fertilizers and assured the college to support them in their various problems.

Objective of the Programme: The objectives of an Agricultural Awareness Programme typically include educating people about sustainable farming practices, promoting agricultural innovation and technology adoption, raising awareness about the importance of agriculture in food security, and encouraging youth involvement in farming. Additionally, these programs often aim to enhance public understanding of environmental conservation and the role of agriculture in economic development.

Outcome of the Programme: The outcomes of an Agricultural Awareness Programme can vary, but typically include increased knowledge and understanding of sustainable farming practices among participants, improved adoption of agricultural innovations and technologies, enhanced appreciation for the importance of agriculture in ensuring food security, greater involvement of youth in farming activities, and heightened awareness of the connection between agriculture, the environment, and economic development. Additionally, such programs may lead to increased support for policies and initiatives aimed at promoting agricultural sustainability and rural development.

EVENT REPORT

Event: Drawing Competition & Sapling Distribution Programme

Venue: Beyond the College

Date: 15/08/2022

Organizing by: Pran Prohori

Objective: The Drawing Competition & Sapling Distribution Programme aims to educate and inspire children about the importance of environmental conservation and tree plantation, while encouraging their creative expression through art. The programme also seeks to distribute saplings to participants, promoting hands-on experience in nurturing plants and fostering a sense of responsibility towards the environment.

Outcome: The programme expects to raise environmental awareness and promote creative thinking among children, resulting in a greater appreciation for nature and a commitment to protect it. Additionally, the distributed saplings will contribute to increased tree cover, supporting biodiversity and a healthier ecosystem.

Sub:- Performing an awareness camp to your school.

Respected Sir/Madam,

We are from an organization, named 'Pran Prohori' performing various awareness camps and other activities to protect our nature and wild animals. Now 'Dinabandhu Andrews College' is collaborating with us to perform those activities in a better way. Hence we want to organize an awareness camp jointly to your school, regarding the 'Identification and conservation of snakes with some primary treatments of snake bites' in case happened on

If you allow us to perform this activity to your school, we will be grateful to you forever.

Thanking you,
PRAN PROHORI

TO WHOM IT MAY CONCERN

This is to certify that "PRAN PROHORI" a reputed NGO and "DINABANDHU ANDREWS COLLEGE" jointly organised an awareness programme on the conservation of 'SNAKES' at our school.

All the teachers and students attended the programme and got many informations about the snakes.

I wish all the best for the NGO and DINABANDHU ANDREWS COLLEGE.

EVENT REPORT

Event: Drawing materials & Dry food distribution to the children

Venue: Beyond the College

Date: 08/04/2023

Organizing by: NSS unit

Objective: The programme aims to bring joy and creativity to underprivileged children by providing them with drawing materials, while also addressing their basic needs through dry food distribution, thereby promoting their overall well-being and development.

Outcome: The programme expects to see an increase in the children's creativity, self-expression, and confidence through art, as well as improved nutrition and satisfaction of their basic needs. Additionally, it seeks to provide emotional support and a sense of care to the children, contributing to their holistic growth and development.

Cold water & ORS Distribution to the peoples by the NSS Unit of Dinabandhu Andrews College

Programme Details: On May 3, 2023, in a programme organized by the NSS (National Service Scheme) unit under the initiative of Dinabandhu Andrews College, various street fruit sellers, vegetable sellers, auto drivers and potters, along with other common people on the road, were helped by distributing cold water and ORS in extreme heat.

Objective of the Programme: The objectives of distributing cold water and ORS (Oral Rehydration Solution) by the NSS (National Service Scheme) unit could include:

1. Preventing dehydration: Cold water helps in preventing dehydration, especially during hot weather or in situations where individuals may be exposed to physical exertion.
2. Providing immediate relief: ORS is essential for rehydrating individuals suffering from dehydration due to illnesses such as diarrhea or vomiting.
3. Promoting health awareness: Through the distribution of ORS, the NSS unit can educate people about the importance of hydration and how ORS can help in replenishing lost fluids and electrolytes.
4. Community engagement: Distributing cold water and ORS can serve as a platform for the NSS unit to engage with the community, identify health needs, and provide support where necessary.
5. Emergency preparedness: By having resources like cold water and ORS readily available, the NSS unit can contribute to emergency preparedness efforts, ensuring prompt response during health crises or natural disasters.

Outcome of the Programme: The outcomes of distributing cold water and ORS by the NSS unit could include:

1. Reduced instances of dehydration-related illnesses: Providing cold water and ORS can help prevent dehydration, reducing the likelihood of individuals suffering from dehydration-related illnesses such as heatstroke or diarrhea.
2. Improved community health: By promoting hydration and providing ORS, the NSS unit contributes to improving the overall health and well-being of the community, especially during times of extreme weather conditions or health emergencies.
3. Enhanced awareness: Distributing cold water and ORS raises awareness about the importance of hydration and the availability of ORS as a simple and effective solution for rehydration, empowering individuals to take proactive steps towards their health.
4. Strengthened community relationships: The act of distributing essential supplies like cold water and ORS fosters a sense of community and solidarity, strengthening relationships between the NSS unit and the people they serve.
5. Emergency response capacity: Through the distribution of cold water and ORS, the NSS unit enhances its capacity to respond effectively to emergencies, ensuring that immediate relief is provided to those in need during crises or natural disasters.

COLLABORATIVE ACTIVITIES – Tree plantation programme, Seminar

Mangrove Tree Plantation Programme in sundarban areas

Organised by Purbasha Eco -Helpline Society in Collaboration with

Dinabandhu Andrews College

Programme Details: The collaboration between Purbasha Eco-Helpline Society and Dinabandhu Andrews College for mangrove tree plantation programmes in the Sundarbans area is a commendable initiative that brings together environmental organizations and educational institutions to work towards conservation and sustainable development goals.

Objectives of the Tree Plantation Programme:

1. **Increase green cover:** The primary objective of tree plantation programmes is to increase the green cover and improve the overall environmental quality of an area.
2. **Carbon sequestration:** Trees help in absorbing carbon dioxide from the atmosphere, thereby reducing greenhouse gas emissions and mitigating climate change.
3. **Biodiversity conservation:** Tree plantation programmes aim to enhance biodiversity by providing habitat for various plant and animal species.
4. **Soil conservation:** Trees help in preventing soil erosion, improving soil fertility, and maintaining soil moisture levels.
5. **Water conservation:** Trees play a crucial role in water conservation by reducing surface runoff, increasing groundwater recharge, and maintaining water quality.
6. **Beautification and aesthetics:** Tree plantation programmes contribute to the beautification of landscapes, enhancing the aesthetic appeal of urban and rural areas.
7. **Economic benefits:** Trees provide various economic benefits such as timber, fruits, nuts, and other forest products, which can support local livelihoods and economies.
8. **Climate resilience:** Trees help in enhancing the resilience of ecosystems and communities to climate change impacts such as extreme weather events and natural disasters.

Outcomes of the Tree Plantation Programme:

1. **Coastal protection:** Mangrove tree plantation programmes help to protect coastlines from erosion, storm surges, and tsunamis by acting as natural barriers that absorb wave energy and reduce the impact of extreme weather events.
2. **Biodiversity conservation:** Mangrove forests are highly biodiverse ecosystems that provide habitats for a wide range of plant and animal species, including fish, crabs, birds, and reptiles. Mangrove tree plantation programmes help to conserve and restore these vital habitats.
3. **Carbon sequestration:** Mangrove trees are highly efficient at sequestering carbon dioxide from the atmosphere and storing it in their biomass and sediment. Mangrove tree plantation programmes contribute to climate change mitigation by capturing and storing carbon in coastal ecosystems.
4. **Fishery support:** Mangrove forests serve as nurseries and breeding grounds for many commercially important fish and shellfish species. Mangrove tree plantation programmes help to support local fisheries by providing essential habitat for fish populations.
5. **Livelihood support:** Mangrove tree plantation programmes can create sustainable livelihood opportunities for local communities through activities such as eco-tourism, sustainable aquaculture, and non-timber forest product harvesting.
6. **Water quality improvement:** Mangrove trees filter and purify water by trapping sediments, nutrients, and pollutants, thereby improving water quality in coastal areas and protecting marine ecosystems from contamination.
